Friends, here is a side by side comparison we did. Don't know if the new information contained in the Penal Code is much different than what is already there. I would suggest we have a conference call next week to discuss a strategy. This is tough, because they've taken a lot of things out, but we will essentially have people camping on our sidewalks indefinitely – and BID agents won't be able to address this.

Also attaching the fact sheet from Liu's office.

Thoughts about a conference call?

Oh my.

Does anyone remember the number of the previous bill? I'd like to do a side by side comparison. There seems to be some new additions related to lewd conduct, prostitution, intoxication, that I don't recall from the previous version.

Kraig:

Thank you for sharing. I was not aware of SB 608. From a quick scan it looks like a "right to rest" would include sleeping in public spaces, which obviously would be a big problem. We were unsuccessful in passing sit/lie ordinance in 2012.

FYI, we have had a significant increase with encampments and problematic street behavior in Berkeley.

Two of our most left/progressive councilmembers are sponsoring a number of measures in [Community Sidewalks and Public Spaces](#) initiative (pages 47 & 48) to deal with some of these problems, short of a sit/lie ordinance. It looks like SB 608 would impact this also.

I will be in Santa Monica for CDA Tuesday and Wednesday next week, if we want to meet and strategize. Do we want to set up a meeting? I am also going to cc Karin Flood at Union Square.

Is the Cal DTA organizing or participating in any advocacy around this.  
It seems pretty significant to commercial districts and public space.  
Let me know if I can help.
